

Commodore's Report – Mike Thompson

Hello Members. I want to THANK the Cruise Captains for a GOOD job in Everett. I drove up on Friday and Saturday to enjoy the company of the club. On Saturday I had a BLAST watching the Olympics. I had no idea the some of the events were contact sports. I seen water balloons flying in all directions and even a tackle during the relay race. The weather held out for the most part but I heard it was a little windy going over and coming home.

I want to thank Mark Adams for the email about the dogs running loose. I, being a 3 dog owner never let my dogs loose around other people as some people do not like dogs jumping on them and be around them. Hat Island has

asked us to keep our dogs on a leash when you walk the dogs up the dock. The ramp from our docks at Hat belong to Hat and it is their rules. Please do not let your dog pee or poop on the docks as people have to walk thru it. If your dogs does poop PLEASE clean it up and dispose of it and do not throw it over a fence. We also need to keep the dogs out of the club house as some people don't like dogs by their feet when eating or at any other time. This is just a common courtesy

I will see you out on the water.

2014 PSYC Commodore

Mike Thompson

Vice Commodore's Report – Garry Moore

Dock Expansion

All of the revised documents were resubmitted to the City of Seattle Department of Planning and Develop (DPD) on May 8th. I just received comments back from DPD. I will be responding in the next day or so. The Corps of Engineers also received copies of the revised submittal and have recently asked for an update on the status. We are still awaiting a copy of the agreement from the Muckleshoot Indian Tribe. They are working on updating the legal language for the agreement that they will use for us as well as other agencies.

Spring Work Party

The Spring Work Party was held on Saturday, April 26th. Thanks to those who helped, especially those who did a great job on the front yard. Unfortunately the good weather we have had has provided a new crop of weeds in the planting beds. I don't want to schedule a formal work party, but if any of you have the time can you please stop by and spend an hour or so to help with the weeding. Pat Hanson has been trying to keep up with the weeds, but could use some help.

Appliances

The ice machine stopped again, but it was only an issue of leveling the machine. The repair firm took care of it and with a

little complaining they agree not to charge us for the second service call.

The left refrigerator stopped working. The Board has agreed to replace it. We looked at the option of a used refrigerator, but decided a new refrigerator was a better option. We will be purchasing a new one shortly.

We had a water leak at the island sink in the kitchen that was discovered at the Whiskey and Cigar Night. Tim Dies and Rich Tremaglio found that the indirect waste for the sink was clogged. They were able to clean out the drain and solve the problem. Thanks Tim and Rich and any others that may have helped.

Fleet Captain Report – Marcia Ellingson

Fleet Captains Message-June 2014

I hope all of you are finding some time to enjoy your boat! I have heard from several of you with compliments on the Memorial Day Cruise. We had 19 boats, many guests and loads of fun. The group was very adaptable to the changing weather, true Northwestern style.

I want to give a special thank you to an amazing crew. John and Vicky Orr, along with their daughter, Jerri Novy put on the PSYC Olympics. It was a great success judging from the laughter from players and spectators alike. The Kruegers, Reddemans, Grossmanns, Adams, and Newton/Colwell were the best crew any captain could wish for. Thank you all for your hard work! Our Hat Island Cruise is June 20th and 21st. If you

have not made your reservations with Jerry Zitkovich, please send him an e-mail so he can reserve a space for you. zitkovich@msn.com. If you are ready to play some golf, don't forget your clubs.

Our July cruise is to Reid Harbor. Reid Harbor is a beautiful sheltered bay just North of Roche Harbor. You can hike on the island, enjoy dingy rides around the bay and just relax and watch the Eagles soar. This is our annual Vacation Connection Cruise. It will be a pot-luck event. A flyer will be at the General Meeting and attached with the July Newsletter.

Hope to see you all soon!

~Marcia
