

Commodore's Report – Mike Thompson

Hello PSYC Members,

Now, Opening Day was FUN. It was a LITTLE wet but FUN! I want to thank everybody who put the weekend together. I will start with Tim and BryAnna for the first Dock Friday of the year. Tim made a mass of burgers and we can't forget Steve and Linda Cook for the beer.

I saw Bill Allen making the Bloody Mary mix on Friday night so I knew Saturday was going to start off well. Peggy and her team made a great tasting breakfast and I had to have it. Peggy had Dick and Jodie Paine, Steve and Linda, Ez and Doris and Bill making drinks. The drink's were provided by Paula and Lance.

David did the Opening Day Ceremony and I only hope to do that good a job of it in the future. Dick and Barry raised the flags and the colors. Garry and Sharon let the officers use their home for the parade boat. We had lots of food and drinks on board. We had a fun cruise but trying to get back

to the dock we thought about staying out and drinking as the wind and rain were coming in sideways but SeaMoore had no problem and had a perfect docking.

Robert and Micheline Murphy know how to grill. They cooked the prime rib along with the Opening Day Crew. I saw Herb and Shirley, along with Chris Kullmann with their hands getting dirty with the dishes and did you guys see the deserts? Kathy Ornelas out did herself with the cookies and lemon wedges. I think Joe helped by eating them. Steve provided another keg of beer for the event at no charge to the club.

Peggy took the theme for the day a little far and got a Lego cake to top off the day. I want to thank everybody who was involved to pull off a fun event for the club.

Vice Commodore's Report – Garry Moore

Dock Expansion

I continue to work with the City of Seattle and a number of other agencies to obtain the permit for the extension of our dock. I am preparing a response to a correction letter from City on the initial application submitted by Waterfront Construction. In order to reduce consultant cost I have taken over the permit application process from Waterfront. I hope to have a response to the City's correction letter and the revised application and

drawings to the City by the middle of the month. Part of the response will address the same conditional use review of our property that we have been working with the City on regarding our attempt to get approval to eventually expand the Clubhouse.

Spring Work Party

The Spring Work Party was held on Saturday, April 26th. It was smaller but enthusiastic group that turned out to help. Thanks to those who helped, especially those who did a great job on the

front yard. A special thanks to Patrick who spent several days repairing the damaged stucco on the east wall. It looks great. I also want to thank Kevin Carlson for his help in painting the new stucco wall.

Ice Machine

We had to have repairs done to the ice machine. It has been operating off and on for a while now. We now have plenty of ice to keep our bartender Neil and his customers happy.

Rear Commodore's Report – Tim Dies

Our first Dock Friday on May 2nd was a great success, we cooked up 45 burgers and lots of dogs and had lots of people show up and join us for the pre Opening Day celebrations. Thanks to all for helping BryAnna and I set up tables and decorate. For Saturday morning Peggy and Bill Allen did a wonderful quiche for the breakfast and hopefully most of you saw the great pics taken of the festivities... We had a little rain for the parade and made it to Meydenbauer YC just in time to get inside before the torrential

downpour started, and then kept coming down on our trip back to PSYC, I think the lake came up 2 inches over the weekend alone! The prime rib dinner that was prepared was amazing and the night ended with some of us on the dance floor and no injuries have been reported yet, and no report of anybody falling into the water, but Tony Diamond has not been seen since Saturday night.....

Our next social event is the Cigar and Malt Night on May 30th, hosted by Rich Tremaglio and Gary Sheneman, just like

last year there will be some very unique and flavorful whiskeys brought in for testing and approval with cigars to boot. Members are encouraged to RSVP with Rich so he can plan properly for the event. The next dock Friday is June 6th and will be BYOB, we ask that you just come down and enjoy the club! Please e-mail me: tim@Hebertyachts.com if you have any suggestions for upcoming events as we roll into summer.

Fleet Captain Report – Marcia Ellingson

Fleet Captains Message-May 2014

Festivities were really going strong on Opening Day. This was my first time on the parade boat when I was the one saluting the Seattle Yacht Club. It really was a fun experience. The wind and rain gave us a few nervous chuckles as we stepped on the deck, and then we heard "well done" from the SYC Bridge. That took away the discomfort of the rain and wind and made it all worthwhile. It truly is an honor to represent the club at such a great event.

Our next cruise is to Everett's North Marina for

Memorial Day. Your cruise team is already at work planning games, transportation for shoppers and tee times for the golfers. We will pay special attention to detail as far as the food goes. We know it can be the priority a couple of times a day! Your dock crew will be ready for your arrival and monitoring channel 9. We look forward to you coming and enjoying a 3-day cruise filled with good times. Refer to the flyer for details.

Our June Cruise is our traditional Hat Island Golf Cruise on June 20-21.
