

Commodore's Report – Bob Josephson

May was a productive month for the club with progress on the dock and lots of activities. Members enjoyed Opening Day and the Tacoma cruise. We had a great turnout for the May general meeting. Barry Ellingson and I made the annual trip to Hat Island to meet with the Island manager. We had a very good discussion about the island and how we can work together in the future. The island continues to have some legal problems but they believe that the problems will soon be over and meanwhile the island continues to be solvent and continues to improve the island facilities.

While at Hat Island we were joined by Jerry and Colleen and Rick and Janet. We pressure washed and refastened the docks

so they are ready for use this summer. We also visited the golf course and can attest that the island is doing a good job at improving the course to include two new sand traps. Be warned.

We inducted a new member Penny Smith, in May. Let's all welcome Penny.

The dock extension is finally a reality with the dock finished, the power being installed and we are close to being ready for moving boats to the dock.

I am looking forward to spring and summer cruising and more of the great events that the club has planned.

See you at the June general meeting, come and talk with friends about cruising together this summer.

First Boat on the New Dock!

Fish Tacos on Dock Friday

Vice Commodore's Report – Robert Murphy

Summer is here!

Memorial Day weekend finally brought in the long awaited good weather we have been needing this year. As the wife and I were down for the fantastic Tacoma cruise it gave me a chance to reflect on all the work that has been happening at the club in May.

The new dock is almost complete. As many of you got to see at the May general meeting the piers and deck tops were in. Now the full pier is complete along with the replacement grating by the back patio area of the club. There was some tango dancing of boats as they were shifted around for construction and removal of the side skirting.

Next steps; the electrical is getting closer to completion as we grind through the process with Seattle City Light. When that happens

we will be expecting some planned power outages. Great news though is we will have new upgraded electrical service for both the dock and the club! Always looking forward.

Special thanks go out to Tim Dies, Garry Moore, and Micheline Murphy for the help in installing the new dock cleats. As of this Dock Friday we just have three more to bolt in. See the great photos. I think it was fitting that the first PSYC vessel to tie up to the newly installed cleats was Garry's dingy!

Last but, not least, please block out Saturday September 9th for a PSYC paint party. We will need lots and lots of volunteers to break things up into mini paint projects.

Have a great June boating.

Rear Commodore's Report – Bill Traver

Now that we are into boating season we are getting some sunshine to help us out. Our next event is Dock Friday, June 2nd and we have a new dock to celebrate with a ribbon cutting ceremony. For our June General Meeting we have a guest speaker. It will be Rachel Wold, who works with the

Northwest Association of Networked Ocean Observing Systems (NANOOS), part of the U.S. Integrated Ocean Observing System. She will be giving us some help on how we can take advantage of all the information available to assist us in our boating activities. You don't want to miss this one.

Fleet Captain's Report – Mike Thompson

I hope everybody had a good Memorial Day Cruise. The weather was the best I have seen in years.

We have the Hat Island cruise going on this weekend. Please contact Jerry Zitkovich if you plan to go. The weather looks good as well.

If you are looking for a place to go for the Fourth of July please contact Bob Josephson as a group is headed up to Roche Harbor.

Chris Kullman has the Andrews Bay Cruise coming up on August 18th. This cruise is always fun.

On another note, as a lot of you know we had a fire at our marina. There were 4 classic boats destroyed that can't be replaced. The fire was caused from staining and varnishing rags that were put in a plastic bag. Please when you are done working with any oil product, soak the rags and hang them to dry. If they had a metal bucket with a lid or soaked them, the fire would not have happened.

Membership Report – Pat Hansen

We had one new member initiated at the May meeting. Penny Smith joined us as a Social Member.

As everyone starts off on your summer cruising vacations please continue to spread the word about Puget Sound Yacht Club. We have been increasing new members the last couple of years and it would be great if this

trend continues. I already have been promoting the club to the electrician who is wiring the dock. He has a boat and has seen firsthand how much fun we have and how friendly everyone is – so let's all get the word out.

Happy and Safe Cruising.

Roster Sponsor Spotlight

Boat Insurance Agency

Boat Insurance Agency provides marine insurance for all types of boats (cruisers, sailboats, motor yachts, live-aboards, ski boats, etc.). BIA is an independent agency representing the best marine insurance companies, comparing policies to find the lowest premium and best values for your boat insurance needs.

Boat Insurance Agency is located in Seattle at the Elliott Bay Marina and can be reached at (206) 285-1350, or (800) 828-2446. BIA personnel are very knowledgeable about cruising in Washington, British Columbia, and Alaska.

www.boatinsurance.net

Ivar's Salmon House

Ivar's Salmon House is located just down the street from the Puget Sound YC at 401 NE Northlake Way, right on the water next to the Ship Canal Bridge. Ivar's features fresh, alder-smoked salmon and seafood, as well as a great variety of other selections on their lunch and dinner menus. Outdoor dining is available on their dock when the weather permits, and you can cruise right up to the dock for free moorage while dining. Happy hour is offered 7 days a week and the Happy Hour prices are especially attractive. Although most of our members visit Ivar's quite frequently, it's nice to know it is very convenient to our PSYC location.

McPhearson Marine

McPhearson Marine is owned by Josh McPhearson and specializes in installing and servicing many marine systems including heating, navigation electronics, AC and DC power systems, battery banks and shore power, water heaters, safety equipment like bilge pumps, fire suppressant systems, satellite domes, etc.

Josh generally serves the Greater Puget Sound Region and can be reached at (206) 300-8598 or email: mcphearsonmarine@gmail.com
www.mcphearsonmarine.com

Pat's Marine Engines

Pat's Marine Engines specializes in recreational boat services that include repairs, maintenance, and service on engines, transmissions, and generators, in addition to mechanical, electrical, exhaust, cooling, and fuel systems. Pat's mechanics are experienced and knowledgeable on both diesel and gas driven boats and provide their services at a fair and reasonable price. Located at 1080 W. Ewing Place, at the end of 11th St. just off of Nickerson Street, their mechanics can work on your boat at your moorage location, or at their facility. Please contact Pat or Joel at (206) 285-0184. E-mail: Pat@patsmarine.com
