

Commodore's Report – Bob Josephson

Fall is now with us and it is time to make sure our boats are ready for winter. It's time to come together and reflect on our summer boating, other vacations and trips and start talking about next year.

We have three more yacht club cruises this fall, Poulsbo and Bell Harbor, as well as the Special People's Cruise. We hope to see as many of you as possible at each.

Our upcoming October meeting will include election of Officers and Trustees for the year 2018. We still need volunteers for Rear Commodore and Fleet Captain. It is vital to the success of the club to have volunteers for these positions. You can send me an email to express your interest in either of these positions.

Another important event is the Commodore's Ball. It will be held November 4th at the Sand Point Country Club. Please mark your calendar for this very fun and festive evening. We are planning on adding some interesting and fun activities during the evening, and we will be giving out a couple of the awards we normally give out at our December dinner.

Cindy and I were on vacation all of September cruising the Midi Canal in France and visiting Nice and Barcelona. It will be fun to see all of you at the October meeting to catch up.

Vice Commodore's Report – Robert Murphy

The fall season is upon us. With that comes that the challenges of yard work and the rain. This fall work party we were quite lucky to thread the needle and get a dry fairly warm day. We attacked the landscaping with fervor and got things whipped into shape. Our landscaping team went especially medieval on ivy that has been growing along our fence next to the boat ramp. In addition to cleaning items along the dock and lots of indoor cleaning our big project was to lower the flag pole and get it a much needed coat of paint.

We were able to paint and raise our flag pole back up but, inspection showed that near the top we had a section of dry rot. So for next calendar year we will need to budget for a new section of flag pole. Such is the way of life and that flag pole has been around for decades.

We have almost completed the last punch list for the electrical work on the dock extension. That will wrap up that project and the club house itself now benefits from new expanded electrical drop.

I want to specifically thank the following members for assisting in the Work Party.

Collen and Jerry Zitkovich
 Rick Josephson
 Joyce and Kevin Carlson
 Nancy and David Morton
 Katie Jeppesen and guest Ted
 Kal Harris
 Micheline Murphy

Rear Commodore's Report – Bill Traver

Well I don't seem to have a lot to report this time around. There is the GAFIA event coming up which should be a lot of fun. And not to be missed is the Commodore's Ball Saturday November 4th. Looking forward to seeing all of you at our next meeting.

Fleet Captain's Report – Mike Thompson

I hope you have all been Cruising around the Sound, or France!!!! I too have been taking my boat out as well and yes I have both engines running now so no comments from the peanut gallery.

I took my boat over to Poulsbo a couple of weeks ago just to get away. I found out that they have new 30 amp power stations installed. The new power is only 30 amp but they have a GFCI on them as well. My boat would not power up but I could charge my batteries. Please know that on F dock there were 8 boats that could not power up as well. Please be aware that you may have to run your generator on the dock. The marina has all the information on their website.

Now for cruising we have the Poulsbo Cruise coming up on October 13th to 15th. This cruise is a lot of fun. If you can't make it by boat please come by car. Please contact Garry Moore if you are planning on coming for a head count. This is a big group effort and always a good time. Please take a look at the flyer below.

Please remember the Special Peoples Cruise is coming up on December 3rd and we can always use boats and volunteers for this wonderful event. If you want to help please contact Chris Kullmann.

Roster Sponsor Spotlight

Yacht Systems NW.

Yacht Systems Northwest is a small team of highly talented individuals that operate with minimal overhead and huge accountability to their customers with a passion for what they do. Their skills range from completely commissioning our 52 foot Symbol in 2008 to triaging an issue with electronics on our 18' fishing boat. We have used this team for over 10 years. From installing a water maker or heating system to selecting and installing the right marine electronics system or simply helping you to check off that boat readiness list for your summer cruising, the crew at Yacht Systems Northwest have the skills for your electrical, heating, navigational electronic and communication needs. You can find their ad on page 56 of the 2017 roster.
