

Commodore's Report – Bob Josephson

It has been a long, hot and sometimes smoky summer of cruising. I hope all of you have been able to enjoy the summer on your boats and at the club.

The new dock is finished but the power is not quite finished. We are waiting for breaker parts that will arrive in September. This will complete a very ambitious project for the club.

As some of you know, Cindy's and my summer cruising was cut short with my medical issues. We had a nice 4th of July at Roche Harbor with a number of you and then cruised as far as Princess Louisa and Chatterbox Falls. Thanks to several of you for assisting us in that adventure.

As we approach October, it is time to start planning for our elections for the year 2018. Elections will be held at the October General Meeting. Please do consider running for office. It is vital to the success of the club. You can send me an email to express your interest in a position.

Another important event is the Commodore's Ball. It will be held November 4th at the Sand Point Country Club. Please mark your calendar for this very fun and festive evening.

Cindy and I will be on vacation in September cruising the Midi Canal in France and visiting Nice and Barcelona, so we will miss the September meeting. I hope as many members as possible attend the meeting to catch up on summer adventures and plan for our fall events.

Vice Commodore's Report – Robert Murphy

Greetings PSYC,

Labor Day is here and the weather could not be better. September 23rd is the time for the Fall Work Party. Hopefully we can extend the dry weather for a few more weeks as the major project is going to be painting. The flagpole is in definite need of TLC.

As I compile our project list please contact me if you are available to tackle any small projects in advance of the work party. I will be sending out a project list in the next week. We will do a repeat of the Spring Work Party with both morning and afternoon shifts.

So mark your calendars for the Work Party and safe boating!

Rear Commodore's Report – Bill Traver

What a great summer we had with all the sunshine! I hope you all have been out on the water and are making the most of the boating season.

The new dock is now built and boats are tied up for the long winter ahead of us. It was a lot of work, but the pay-off is grand. If you haven't been down to experience the new dock and table landing, come on down anytime and bring something to barbecue and drink and enjoy the view of the city and Lake Union.

Moving on into the fall season, we have a trip to Victoria October 21 & 22 on the Victoria Clipper. All of you who are going for the boat ride should be signed up by now.

Finally, a reminder to come down and enjoy the club on Dock Friday September 8th. It is the last Dock Friday for the year. We are lucky to have such an incredible spot on Lake Union and such a wonderful community of friends.

Fleet Captain's Report – Mike Thompson

Hello PSYC Members

I hope you are out on your boat a lot this summer. I was at Andrews Bay Cruise and Chris Kullman did a great job with his Burgers in Paradise.

Our next cruise is the Poulsbo Cruise on October 13th. We have had a few members step up to help with the cruise. If you want to help please contact me. The Poulsbo Cruise is a lot of fun. Anyone can win even if you are not a full-on pool hustler. Please plan to attend.

Membership Report – Pat Hansen

I would say that Summer went really fast – but the last time I looked it is still here – and we – who didn't go anywhere - spent a wonderful time on the water in Seattle.

Please come to the September General Meeting and meet two Prospective New Members. Dan and Kim Heffernan were walking along Northlake by the Club in July – saw that the gates were open – and walked down the dock to check things out. Several of us were busy on the dock (that is why the gates were open) and we welcomed them warmly. Several members had a chance to meet them

at that time. They must have liked us because that night I received an Application for Membership as Social Members.

Since that time – Dan and Kim attended Dock Friday in August – have bought a boat (Chris Craft) and obtained moorage at Fairview Marina. Their Application will be changed to Active. They are looking forward to meeting everyone. You will find them very delightful and I know you all will welcome them. Don't forget to make your reservations for dinner. See you all then.

Roster Sponsor Spotlight

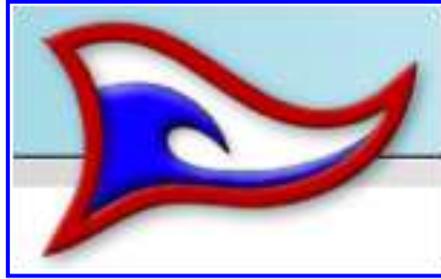

Smart Plug Systems, LLC

Smart Plug Systems is a company that developed a new innovative and safer way to provide shore power systems for boats in the marine industry. Located in Seattle on Westlake Ave. N., Ken Smith and his employees provide their safe, simple, and secure products through a world-wide network of distributors (like Fisheries Supply, Boat Electric, CSR, Emerald Harbor Marine, etc.). These products are designed to improve upon and replace the current global standards for marine shore power systems. For more information go to: www.smartplug.com

Sure Marine Service, Inc.

Sure Marine Service, located in Ballard at 5320 28th Ave NW, has been in business in the Seattle area since 1972, and specializes in marine heating, air conditioning, refrigeration, galley equipment, electrical systems, and more. One of the keys to their success is that they “service what they sell” in a professional way and a fair price. They represent many different manufacturers in the areas they specialize in for parts and service. Sure Marine can be reached by phone at: (206) 784-9903 or (800)562-7797, or online at: www.SureMarineService.com
